

GATEWAY SEMINARY

Biblical • Missional • Global

Spring 2020

Dear Southern Baptists,

Gateway Seminary of the Southern Baptist Convention is fully operational at two campus locations in California. Our primary campus is in Ontario. Several hundred students are taking classes at this site, by live video-conference from classes originating in the building, and in our online program headquartered in the facility. The state-of-the-art educational technology we have in place is making all this work well to serve the global Gateway family.

Our campus in Fremont continues our historic commitment to train leaders in the San Francisco Bay Area. This campus has all the technological advances of the primary campus. With several full-time residential faculty and an on-site research library, the campus is equipped to provide excellent theological education and ministerial training for students across Northern California.

We also continue to offer full degree programs at our campuses in Arizona, Colorado, and Washington – as well as offering all of our masters-level degrees through our online program. Our Advance Program operates more than 60 training centers in about a dozen languages across the United States and around the world.

Last year, our Board of Trustees adopted a new strategic plan – The Gateway Imperative - to chart our course through 2030. We are grateful for past progress and present success, but we are striving toward the future with enthusiasm and optimism. Our best days of ministry impact are ahead of us!

Thank you Southern Baptists for your consistent support. We appreciate the way you pray for us, continue to send us students, and undergird our work by your gifts through the Cooperative Program. We continue to serve you in the Western United States - shaping leaders who advance God's kingdom around the world.

With gratitude,

Jeff Iorg
President
