**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JULY 31, 2019 AND 2018**

**Note 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Activities

The consolidated financial statements include the accounts of the New Orleans Baptist Theological Seminary (Seminary) and the New Orleans Baptist Seminary Foundation (Foundation). The Seminary is an agency of the Southern Baptist Convention (SBC) and is governed by a Board of Trustees elected by the SBC. The Foundation is a nonprofit corporation organized under the laws of the State of Louisiana to provide financial support to the Seminary.

Because these entities (hereafter collectively termed the "Seminary") are under common control and management and share the same facilities and other resources, the accompanying consolidated financial statements include these entities on a consolidated basis. All significant intercompany balances and transactions have been eliminated.

The Seminary is funded primarily by the SBC Cooperative Program, student tuition and fees, and gifts from others.

Basis of Accounting

The consolidated financial statements of the Seminary have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The financial statement presentation is presented as required by the *Not-For-Profit Entities Classification of Net Assets* Topic of the FASB Accounting Standards Codification. Under those provisions, net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions as follows:

*Net assets without donor restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Seminary's management and the board of directors.

*Net assets with donor restrictions:* Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Seminary or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America includes the use of estimates that affect the consolidated financial statements. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include time deposits, sweep accounts, and all highly liquid debt instruments with original maturities of three months or less, except that such investments purchased with endowment assets or deposits with trustees are classified as long-term investments.

At times, the Seminary maintains deposits with high quality financial institutions in amounts that are in excess of federal insurance limits.

Accounts Receivable

Accounts receivable include student accounts receivable and other receivables. Student accounts receivable represent amounts due for tuition, fees, and room and board from currently enrolled and former students. The Seminary extends unsecured credit to students in connection with their studies. Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

The Seminary's policy is to allow students to register in advance during the summer preceding fall classes. Uncollected billings for student tuition and fees at July 31, 2019 and 2018 for the fall semester are included in accounts receivable. In addition, billings for tuition and fees at July 31, 2019 and 2018, in advance of the commencement of the fall semester, are recorded as deferred revenue. Tuition and fees are recognized as revenues in the period in which the related educational instruction occurs.

Investments

Investments in marketable and debt securities are stated at fair value. Real estate investments are stated at cost or fair value at the date of gift. Notes receivable are valued at their outstanding principal balance. Life insurance policies are stated at their stated cash values. Restricted gains and investment income whose restrictions are met in the period the gains or income are recognized are reported as unrestricted revenue and gains.

### Property and Equipment

Property and equipment are stated primarily at cost or, if donated, at the approximate fair market value at the date of donation, less accumulated depreciation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets (which range from 5 to 67 years). Expenditures for new construction, major renewals and replacements, and equipment are capitalized.

Contributions of long-lived assets or contributions restricted for acquisition of long-lived assets are reported as increases in temporarily restricted net assets. Restrictions are considered met, and an appropriate amount reclassified to unrestricted net assets, over the useful life of the long-lived assets as calculated by the Seminary's depreciation policy.

### Contributions

The Seminary accounts for contributions in accordance with the related topics in the FASB Accounting Standards Codification. Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional; that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Restricted contributions whose restrictions are met in the period the contributions are received are reported without donor restrictions.

At July 31, 2019 and 2018, no conditional promises to give or contributions to be received after one year existed.

### Tuition and Fee Revenue

Tuition and fee revenue is recognized at the standard catalog rate when the amount has been earned.

### Functional Expense Allocation

Expenses by function have been allocated among program, supporting services, and development classifications by New Orleans Baptist Theological Seminary's management on the basis of specific identification of costs or other reasonable allocation methods.

### Change in Accounting Principle

On August 18, 2016, FASB issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. We have implemented ASU 2016-14 and have adjusted the presentation in these financial statements accordingly.

### Income Taxes

The Seminary is a nonprofit organization that is exempt from federal income tax under Internal Revenue Code Section 501(c)(3). The Seminary's management believes there are no significant uncertain tax positions taken by the Seminary as of July 31, 2019 and 2018 and, accordingly, no liabilities have been recorded.

### Reclassifications

Certain prior year information has been reclassified to conform to current year presentation.

### Date of Management Evaluation

Management has evaluated subsequent events through September 6, 2019, the date on which the consolidated financial statements were available to be issued.

### **Note 2 - CONCENTRATION OF CREDIT**

The Seminary maintains its cash accounts generally with financial institutions located in the Greater New Orleans area. Cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At July 31, 2019 and 2018, the Seminary had cash balances that exceeded the balance insured by the FDIC by \$492,768 and \$275,589, respectively. The Seminary also maintains cash balances with investment management companies that are not insured.

#### **Note 6 - FAIR VALUE MEASUREMENT**

The fair value measurement topic of the FASB Accounting Standards Codification defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles and enhances disclosures about fair value measurements. Fair value is defined under these standards as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards establish a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the Seminary and unobservable inputs reflect the Seminary's own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value under these standards must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Seminary for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following tables present the financial instruments carried at fair value as of July 31, 2019 and 2018, by the codification valuation hierarchy defined above and those investments carried at cost:

Investments included in Level 3 primarily consist of the Seminary's ownership in alternative investments.

The methods used to provide values for the above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Seminary believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

#### **Note 7 - PROPERTY AND EQUIPMENT**

**Note 8 - FUNDS HELD IN TRUST BY OTHERS**

Various Baptist foundations administer perpetual trusts for the benefit of the Seminary. These trusts are neither in the possession nor under the control of the Seminary, but are held and administered by the foundations with the Seminary deriving only income from such funds. Such investments are recorded in the statements of financial position at the fair market value of the principal amounts as of July 31, 2019 and 2018, respectively. The principal amounts are not subject to withdrawal by the Seminary. The total amounts distributed by the trusts to the Seminary for the years ended July 31, 2019 and 2018 were \$81,003 and \$83,718, respectively.

**Note 9 - DEPOSITS AND DEFERRED REVENUE**

Deposits and deferred revenues at July 31, 2019 and 2018 are comprised of the following:

Endowment consists of resources that have been restricted by the donor, trust, split interest agreements, or designated by the Board for investment to provide future resources to support the Seminary's activities. Endowment funds with donor restrictions that are temporary in nature include unappropriated gains. Endowment operating funds without donor restrictions include funds that have been internally designated for use by various departments and programs throughout the Seminary.

Net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor imposed restrictions.

The Board of the Seminary has interpreted the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) as requiring the preservation of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Seminary classifies amounts required to be maintained in perpetuity as, (a) the original value of gifts donated to the endowment that is perpetual in nature, (b) the original value of the subsequent gifts to the endowment that is perpetual in nature, and (c) accumulations to the endowment that is perpetual in nature made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not required to be maintained in perpetuity is classified as temporarily restricted net assets until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA.

Changes in endowment net assets for the years ended July 31, 2019 and 2018 consists of the following:

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of New Orleans Baptist Theological Seminary as of July 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.
